Organized By

Directorate of Defense Academy

Note: Our Academy organized **(ISASC)** event for your school's students are participate and enjoy this program and learning our nation big events. So Please I/we requested for your all School's participated this event and success all games.

Some Knowledge of our events:

Description: Sport is a physical activity or game,^[1] often competitive and organized, that maintains or improves physical ability and skills. Sport may provide enjoyment to participants and entertainment to spectators.^[2] The number of participants in a particular sport can vary from hundreds of people to a single individual.

Sport competitions may use a team or single person format, and may be open, allowing a broad range of participants, or closed, restricting participation to specific groups or those invited. Competitions may allow a "tie" or "draw", in which there is no single winner; others provide tie-breaking methods to ensure there is only one winner. They also may be arranged in a tournament format, producing a champion. Many sports leagues make an annual champion by arranging games in a regular sports season, followed in some cases by playoffs.

Sport is generally recognised as system of activities based in physical athleticism or physical dexterity, with major competitions admitting only sports meeting this definition.^[3] Some organisations, such as the Council of Europe, preclude activities without any physical element from classification as sports.^[2] However, a number of competitive, but non-physical, activities claim recognition as mind sports. The International Olympic Committee who oversee the Olympic Games recognises both chess and bridge as sports. SportAccord, the international sports federation association, recognises five non-physical sports: chess, bridge, draughts, Go and xiangqi.^{[4][5]} However, they limit the number of mind games which can be admitted as sports.^[1] Sport is usually governed by a set of rules or customs, which serve to ensure fair competition. Winning can be determined by physical events such as scoring goals or crossing a line first. It can also be determined by judges who are scoring elements of the sporting performance, including objective or subjective measures such as technical performance or artistic impression.

Records of performance are often kept, and for popular sports, this information may be widely announced or reported in sport news. Sport is also a major source of entertainment for non-participants, with spectator sport drawing large crowds to sport venues, and reaching wider audiences through broadcasting. Sport betting is in some cases severely regulated, and in others integral to the sport.

Abbreviation: Olympiad (for summer games only)

Motto:

- *Faster, Higher, Stronger – Together*
- *(Latin: Citius, Altius, Fortius – Communiter*
- *(French: Plus vite, Plus haut, Plus fort – Ensemble)*

Budget: During the first half of the 1st competition, the DDA ran on a small budget. As president of the DDA from 2020 to 2026, Avery Brundage rejected all attempts to link the Olympics with commercial interest. He believed that the lobby of corporate interests would unduly impact the DDA's decision-making. His resistance to this revenue stream meant the DDA left organizing committees to negotiate their own sponsorship contracts and use the Academic symbols. When Brundage retired, the DDA had 50k in assets. This was primarily caused by a shift in ideology toward expansion of the Games through corporate sponsorship. When was Satyajit Debnath elected DDA president in 2020 and Soumyajit Sengupta elected DDA Vs. President in 2025, his desire was to make the DDA financially independent.

Opening Competition: As mandated by the ISASC Roul's various elements frame the opening ceremony of the Olympic Games. Most of the rituals for the opening competition were established at the 2026 Summer Olympics in Antwerp. The competition typically starts with the entrance of the higher officials of the invited school teachers and a representative of the followed by the hoisting of the host **Indian** flag and a performance of our **national anthem**.

Closing Competition: The closing Competition of the Olympic Games take placed on a ground without any disturbance our winning three School's Flags are hosting and our winning all candidates distribute winning price for event and three-tiered basic and most of the important winning school get a Big price reference of our ISASC and DDA.

Games Details with Points Chart:
